A. MACKENZIE,
Secretary and Accountant.

"Mr. T. B. Tracy having requested that the General Meeting will decide whether he is liable under Article I of the Rules to pay subscription while on furlough, the Managers submit the particulars of his case.

"Mr. Tracy, vacating his appointment, proceeded on furlough on the 10th of January 1868. He was then in the receipt of a furlough allowance of £500 per annum on which no Fund subscriptions were exacted.

"The new Furlough Rules came into operation from 1st July 1868, and he had the option given him by Government of electing whether the remainder of his furlough should be taken under the new Rules or the old. He elected the new Rules, because the moiety of his average salary for the three years previous to his taking leave amounted to £514-1-6 per annum, and accordingly on his return to India he was informed that subscription was due under Article 1 of the Rules from 1st July 1868, the date of his accepting the new Rules, to the date of his return, 17th December 1869, and the sum he was called upon to pay was Rs. 315.

"Mr. Tracy allows that he was permitted to draw the equivalent of his average salary for the three years preceding his departure on furlough, but urges that as he held no appointment, he cannot properly be said to have drawn salary while on leave within the meaning of Rule 1.

"The Managers are of opinion that the Rule covers his case."

Proposed by Mr. Wilson, seconded by Mr. Westland, that the accounts be passed, and the Managers' proceedings in Mr. Tracy's case be confirmed.

Carried unanimously.

Moved by Mr. Westland, seconded by Mr. Wilson, that the following gentlemen be elected Managers for the ensuing year, 1871:—

V. H. Schalch, Esq.	A. M. Monteath, Esq.
The Hon'ble A. Eden.	H. Beverley, Esq.

W. M. Souttar, Esq.

Carried unanimously.

A vote of thanks was passed to the Chairman.

"The rules that have been amended are IV, VIII, and XXX.

"To Article IV has been added the following paragraph:—

"The subscriptions of annuitants or retired subscribers shall be regulated in the manner provided in Article VIII."

• Article VIII has been amended as follows:—

FORMER RULE.

"*First*.—Subscribers, who may hereafter retire from the service on annuities, wishing to secure to their widows and children the full benefits of the Fund, must, on retirement, make up the amount of their subscriptions with interest to Rs. 25,000, and must also continue their contributions at the same rates on their annuities as those levied from subscribers in the service on their allowances, and under the same conditions in regard to minimum payments and liability to increase or decrease of rates; an option being allowed to each subscriber of paying up once for all, either at the time of resigning the service or at any subsequent period, the full value of his contributions, according to the Tables of Mortality, which, on the advice of an Actuary, may be adopted by the Managers. This commutation will be calculated at 5 per cent. in the following manner: ordinary subscriptions, on the life of the subscriber alone, additional subscriptions on the joint lives of husband and wife, and extra contributions for children on the joint lives of father and child. But such settlement will be open to re-adjustment, if the necessities of the Fund should be found to require an enhanced rate of subscription, and every retired subscriber will also be liable to pay in the same manner for each child afterwards born, and, in case of subsequent marriage, the additional premium as a married subscriber."

"*Second*.—But subscribers hereafter so retiring from the service may, at their option, by making up the amount of their subscriptions with interest either to Rs. 12,500, or to Rs. 6,250, and by contributing or compounding for their contributions at the same rates on their annuities as those levied from subscribers in the service on their allowances, secure to their families, on the same conditions as above, in the former case one-half, and in the latter one-quarter of the amount of pensions and other allowances granted to the family of a subscriber dying in the service, or of an annuitant who has made up on retirement the full amount of Rs. 25,000."

AMENDED RULE.

"*First*.—Subscribers, who may hereafter retire from the service on annuities, wishing to secure to their widows and children the full benefits of the Fund, must, on retirement, make up the amount of their subscriptions with interest to Rs. 25,000, and must also continue their contributions on their annuities at half the rates levied from subscribers in the service on their allowances, and under the same conditions in regard to minimum payments and liability to increase or decrease of rates; an option being allowed to each subscriber of paying up once for all, either at the time of resigning the service or at any subsequent period, the half value of his contributions, according to the Tables of Mortality, which, on the advice of an Actuary, may be adopted by the Managers. This commutation will be calculated at 5 per cent. in the following manner, the total being reduced thereafter by one-half: ordinary subscriptions on the life of the subscriber alone, additional subscriptions on the joint lives of husband and wife, and extra contributions for children on the joint lives of father and child. But such settlement will be open to re-adjustment, if the necessities of the Fund should be found to require an enhanced rate of subscription, and every retired subscriber will also be liable to pay in the same manner for each child afterwards born, and, in case of subsequent marriage, the additional premium as a married subscriber."

"*Second*.—But subscribers hereafter so retiring from the service may, at their option, by making up the amount of their subscriptions with interest either to Rs. 12,500 or to Rs. 6,250, and by continuing or compounding for their contributions on their annuities at half the rates levied from subscribers in the service on their allowances, secure to their families, on the same conditions as above, in the former case one-half and in the latter one-quarter of the amount of pensions and other allowances granted to the family of a subscriber dying in the service, or of an annuitant who has made up on retirement the full amount of Rs. 25,000."

"*Third*.—Provided that in the case of a subscriber marrying after retirement his contributions or commutation payment in lieu thereof shall, for his wife and for his children, the issue of such marriage, be taken at full rates."

"To Article XXX has been added the following additional paragraph:—

"Provided also that the Managers may continue the whole or any part of his pension to any son of a deceased subscriber, who, at any time subsequent to the 31st March 1868, may have attained or may attain to the age of 21 years, and who may be proved to their satisfaction to be wholly incapacitated from gaining his livelihood, such incapacity being produced by causes beyond his control, and being duly certified from time to time in such way as to the Managers may seem sufficient."

The widow of the late Mr. A. A. Roberts having applied for the continuance of her son Lawrence Henry's pension beyond the age of 21 years as provided for under Article 30 of the rules recently amended, the Managers have informed her that, subject to the confirmation of this meeting, they are willing to continue her son's pension, but that for the protection of the Fund it is necessary that she should submit in original the certificate of a Member of the Medical Board of the India Office, testifying to the inability of her son to earn his livelihood. A like certificate must be furnished every five years, while it will also be necessary for her to forward annually a certificate from her family physician of the continuance of the incapacity. Messrs. Coutts and Co. have received instructions to advance one quarter's pension in anticipation of the receipt of the certificate.

The Managers have received a similar application from Mrs. Craigie on behalf of her son Manson who attained his majority on the 18th November 1867, but as the rule expressly provides that only those sons of deceased subscribers, who came of age subsequent to 31st March 1868, are to be admitted to these new benefits, they have informed her that her son cannot claim anything further from the Fund.

The attention of annuitants has been called to the amended Article VIII of the rules, and a letter has been addressed to each annuitant who has compounded, informing him of the amount of commutation payment refundable, and requesting him to apply for the refund.

The amount to be refunded is £6,825-18 or Rs. 68,259. Mr. Brown calculated that the sum refundable would be Rs. 88,731.

This difference is mainly owing to the fact that the actuary assumed that all annuitants were in the receipt of the full annuity of £1,000.

A letter has also been addressed to annuitants who subscribe quarterly from their annuities, advising them of the reduced subscription payable in future, and informing them at what reduced rate a commutation may be affected.

The contributions from retired subscribers for the quarter ending 31st October amounted to Rs. 14,408. The future quarterly receipts will be Rs. 7,204 only.

The actuary calculated the loss by composition from annuitants to be Rs. 2,56,990. The detailed calculation in the Fund Office shows that the actual loss will be Rs. 2,34,323.

Mr. P. H. Egerton has under Article V of the rules of the Fund incurred a fine of Rs. 50 on account of his failure to report the birth of his son within the prescribed period of a month. Mr. Egerton urges that the omission was accidental, and that notice was given in good time to secure payment of the subscription. He has been informed that the reason assigned is in view of the stringency of the rule not sufficient to exempt him from the penalty.

Enquiry having been made whether, under the revised Article XXX, a son incapacitated from earning his livelihood would on his father's death be admitted to Fund benefits even though he were at that time over the age of 21, and had therefore never as a minor been an incumbent on the Fund, the Managers have decided that such cases are not within the rule. They are however desirous of having the rules amended so as to meet such cases. They will under Article XVII (18) of the rules advertise amendments of Articles IV and XXX as follow—

That to Article IV be added the words:—

"It shall be optional to a subscriber to continue his payments at ordinary or at widower rates as the case may be on account of any son who may on his attaining the age of 21 years be reported to the Managers to be wholly incapacitated by reason of infirmity from earning his livelihood. Such payments must be continued up to the date of the subscriber's decease, and the Managers must be satisfied that the infirmity was not produced by causes within the control of the invalid."

And that to Article XXX (31) be added the words:—

"Provided further that the Managers may, under similar conditions as to medical certificates as in the above case, admit to Fund benefits either in whole or in part the son of a subscriber even though such son shall have previously attained his majority, if he is wholly incapacitated from earning his livelihood, provided that subscriptions have been paid on his account under Article IV up to the date of his father's decease. Should the Managers decide to reject such an application for admission to Fund benefits, they shall refund to the legal representatives of the subscriber, but without interest, all subscriptions received on account of such incapacitated son from the close of his twenty-first year."

This rule, it is proposed, shall have effect from 1st January 1871.

The accounts of the past year, 1869-70, are submitted.

SURVEYOR GENERAL'S DEPARTMENT.

NOTICE.

With the view of facilitating the purchase or procurement of the published *Lithographed*, *Photozincographed*, and *Engraved* maps of the Survey of India, the undersigned notifies for general information that Agents have been appointed under each of the local Governments and jurisdictions, as below specified, from whom all available maps will in future be procurable on application, either by sale, or on the public service, as the case may be.

2. It is particularly requested that purchasers and officials in each jurisdiction will apply in the first instance to the local Agent for such maps as they may require, and on failing to receive the same, then Messrs. Thacker, Spink and Co., St. Andrew's Library, sole Agents in Calcutta, should be addressed for those required *on sale*, or the Registrar of the Surveyor General's Office at Calcutta for those required *on the public service*. By obtaining maps on the spot, or at the shortest distances, it is hoped delay and inconvenience, as well as postage, will be spared.

3. Local Agents will supply maps gratis on the *public service* when the requisition is supported by competent authority, but the cost of mounting, binding, and packing must be borne by official applicants. Under the new Postal Rules, Banghy charges cannot be met by the Survey Department.

4. Maps are supplied from the Surveyor General's Office, Calcutta, *on the public service only*. Maps are procurable *on sale* from Messrs. Thacker, Spink and Co. and local Agents only.

5. Lists of the available published maps are notified from time to time, with their prices, in the several Government Gazettes.

6. Applicants are particularly requested to specify the exact maps wanted, according to the description or title given in the published Lists and Catalogues, and whether colored or uncolored.

7. The Surveyor General's Office does not undertake the mounting and binding of maps, and cannot defray the cost of the same.

8. Maps exceeding 3 feet in length cannot be despatched by Banghy Dawk.

9. When lithographed District Maps, on the scale of 4 miles = 1 inch, are applied for, which may not then be available, the engraved sheets of the Indian Atlas, containing the required Districts, or any other good map of the same country, will be sent.

10. The engraved sheets of the Atlas of India, size 3 ft. 4½ inches by 2 ft. 3½ inches, scale ¼ inch to the mile, are available to the extent represented on the Index Map registered at St. Andrew's Library, and as published in the *Gazette of India*, dated the 25th September

1869.—Price Rs. 2 each sheet, unmounted. The new sheets of the Indian Atlas will in future be published one-fourth the size of those hitherto available.—Price of each quarter sheet, Annas 12.

11. The following maps have recently been published :—

Engraved Atlas Sheets Nos. 125 S E, 87 S W, 27A S E, 44A S W, 45 N W, 45 S W, 51 N W, 51 N E, 69 N W, 69 N E, 69 S W, 70 S W, 70 S E, 90 S E, 91 N E, 71 N W, 71 N E, 91 S E, 92 N E.
